COMPOUNDING PHARMACY, INC.
PRODUCTS LIABILITY LITIGATION**

This matter relates to:

All Actions

MDL No. 1:13-md-2419-FDS

**MDL ORDER NO. ____
(Joint Deposition Protocol)**

I. SCOPE OF DEPOSITION PLAN

This Deposition Plan shall govern all cases that are presently pending or hereafter filed in this Court or subsequently removed or transferred to this Court by the Judicial Panel on Multidistrict Litigation for coordination of pretrial proceedings relating to this matter, and applies to the class action cases. This Order is limited in scope to the discovery issues addressed herein. Additional discovery issues will be addressed in subsequent orders.

II. GENERAL PROVISIONS

A. Lead Deposition Counsel

Plaintiff's depositions, third-party depositions, and depositions of employees, representatives, and former employees of the defendants in this MDL action, and matters related to the conduct of these depositions shall be coordinated, to the extent possible, by Lead Deposition Counsel for plaintiffs and Lead Deposition Counsel for defendants, or their designees. The name and contact information for any designee shall be promptly communicated to the other parties.

B. Deposition Notices

1. *Notice of Deposition Procedures.* A copy of this Order shall be attached to each notice of deposition and/or any non-party subpoena to testify at a deposition, issued or served in these MDL proceedings.

2. *Contents of Notice.* Information shall be provided as required by Fed. R. Civ. P. 30. Each deposition notice shall include the name of each deponent and the date, time and place of the deposition. If the notice asks the deponent to produce documents or information, or if the witness may be asked about documents that may contain confidential information, the witness shall be provided with a copy of the Protective Order.

C. Cooperation

Counsel are expected to cooperate with and be courteous to each other and deponents in both scheduling and conducting depositions.

D. Attendance

1. *Who May Be Present.* Unless otherwise ordered under Fed. R. Civ. P. 26 (c), depositions may be attended by counsel of record, members and employees of their firms, members of the Plaintiffs' Steering Committee, attorneys specially engaged by a party for purposes of the deposition, the parties or the representative of a party, court reporters, videographers, the deponent, and counsel for the deponent. While the deponent is being examined about any material designated Confidential, persons to whom disclosure is not authorized under the Second Amended Protective Order (Dkt. No. 784, or any additional amendments made by the Court thereto, the "Protective Order") shall be excluded from the deposition, except that counsel for any

plaintiff or the deponent shall not be so excluded. Any portion of the deposition transcript containing documents or information subject to the Protective Order entered in this case shall be sealed in accordance with the terms of the Protective Order.

E. Fed. R. Civ. P. 30(b)(6) Deposition

A party or non-party asked to provide a designee pursuant to a Fed. R. Civ. P. 30(b)(6) deposition notice shall provide notice of the names of the individuals to be produced for deposition at least 10 days prior to commencement of the deposition, setting forth the matters upon which each person will testify.

III. CONDUCT OF DEPOSITIONS

A. Examination

Except in depositions that have been cross-noticed in actions pending in state court and without reference to the participation of coordinating counsel from the state court litigations, questioning should ordinarily be conducted by no more than two attorneys for all MDL plaintiffs. Lead Deposition Counsel for plaintiffs may designate at least two attorneys representing personal injury plaintiffs to participate in the questioning during each deposition. MDL counsel for Plaintiffs may designate others for specific subject areas. Counsel for plaintiffs should endeavor to avoid asking the same or substantially the same questions.

Lead Deposition Counsel for defendants may designate at least two attorneys representing defendants to participate in defending a deposition. Counsel for defendants should endeavor to avoid asking the same or substantially same questions and lodging the same or substantially the same objections. Counsel for the Deponent shall “defend” the deposition. An objection by one party reserves the objection for all parties.

B. Documents Used in Connection with Deposition.

1. *Marking of Deposition Exhibits.* All documents previously produced in the course of this litigation and used as exhibits with witnesses from a particular defendant or non-party witness shall be referred to by the Bates stamp numbers appearing on the documents submitted to the document repositories. Documents that have not been previously produced in the course of this litigation shall be assigned a Bates stamp number from a range of numbers reserved for this purpose. The first time such a document is introduced as an exhibit at a deposition, it shall be marked with the assigned Bates stamp number and shall be produced at the conclusion of the deposition. Any documents marked as Exhibits during depositions shall be marked consecutively, (i.e. "Plaintiff Exhibit 1"), through the discovery phase such that if the first deposition ends with exhibit 11, then the first exhibit to the second deposition will start with exhibit 12. Whenever possible, previously marked exhibits should be used in subsequent depositions, rather than using a new exhibit number for the same exhibit.

C. Duration

Duration of depositions shall be governed by the Federal Rules of Civil Procedure.

D. Scheduling

Counsel should consult in advance with opposing counsel and counsel for proposed deponents in an effort to schedule depositions at mutually convenient times and locations.

E. Location for Depositions

1. The location of the depositions shall be as uniform as feasible within each city, so that videotape equipment, if being used, can be left in place.

2. Defense counsel will make reasonable efforts to obtain the agreement of former employees of defendants to appear at designated locations. Absent such agreement, depositions will take place either within the federal district in which the former employee resides or at a location mutually agreeable to the former employee and the parties.

F. Coordination with State Court Actions, Cross Noticing and Avoidance of Duplicative Depositions

1. *Coordination with State Court Actions.* In order to avoid duplicative discovery, minimize the number of times that a witness shall appear for a deposition, and to prevent the unnecessary expenditure of judicial resources and the resources of parties, counsel for plaintiffs in the MDL shall use their best efforts to coordinate the scheduling of depositions with counsel for state court plaintiffs. As the Court indicated at the initial case management conference, this Court intends to work actively to reach out to any State Court that is interested in coordinating discovery activities. The Court expects that counsel for parties in the MDL proceeding will help ensure that such coordination is achieved where it is practicable.

2. *Cross Noticing.*

a. Plaintiff Position: Any deposition in this MDL may be cross-noticed by any party in any _____--related action pending in state court, and any deposition in any _____--related action pending in state court may be cross-noticed by any party in this MDL. Each deposition notice shall include the

information described in section I.B.2., supra. If a state court deposition has been cross-noticed in this MDL, then state court plaintiffs represented by counsel with actions filed in this MDL may not take a subsequent deposition of that witness except for good cause shown as determined by the judge presiding over the proceeding in which the deposition is sought. In that case, any subsequent deposition shall be restricted to such additional inquiry permitted by the judge presiding over the proceeding in which the deposition is sought.

b. Defense Position: Any deposition in this MDL may be cross-noticed by any party in any _____related action pending in state court, and any deposition in any _____-related action pending in state court may be cross-noticed by any party in this MDL. Each deposition notice shall include the information described in section I.B.2., supra. If a state court deposition has been cross-noticed in this MDL, then state court defendants represented by counsel with actions filed in this MDL may not take a subsequent deposition of that witness except for good cause shown as determined by the Magistrate Judge, in that case, any subsequent deposition shall be restricted to such additional inquiry permitted by the Magistrate Judge.

3. Nothing in F.1-2 shall be construed as an injunctive or equitable order affecting state court proceedings. Rather this provision is intended to reflect this Court's desire for voluntary state-federal coordination.

4. Unless it is jointly noticed by plaintiffs in both the class action and personal injury matters, the noticing of a deposition by plaintiffs' counsel for personal injury matters shall not count against the limitation on numbers of deposition prescribed

under the Federal Rules of Civil Procedure for plaintiffs in any consolidated class action, and vice versa.

G. Early Depositions

If the parties become aware of persons who possess relevant information but, who, by reason of age, ill health, or termination of employment with defendants may become unavailable for deposition, the deposition may be taken as soon as possible, as permitted by the Federal Rules of Civil Procedure.

H. Telephonic Depositions and Participation

The parties shall comply with Fed. R. Civ. P. 30(b)(4) regarding remote depositions. Non-examining counsel may attend depositions telephonically but are not permitted to participate absent extenuating circumstances, such as weather delay or physical restriction on travel or by agreement of counsel for the deponent.

I. Disputes During Depositions

Disputes arising during depositions that cannot be resolved by agreement and that, if not immediately resolved, will significantly disrupt the discovery schedule or require rescheduling of the deposition, or might result in the need to conduct a supplemental deposition, shall be presented to the Court. If the Court is not available, or to the extent the parties are still unable to resolve the dispute, the deposition shall continue with full reservation of rights for a ruling at the earliest possible time.

If the nature of the dispute would not stop the deposition from going forward, the parties may elect to either present the matter to the Court by telephone, or to present the dispute to the Court in writing.

In the event the Court is unavailable by telephone to resolve disputes arising during the course of the deposition, the deposition shall nevertheless continue to be taken as to matters not in dispute. Nothing in this Order shall deny counsel the right to 1) suspend a deposition pursuant to Fed. R. Civ. P. 30(d)(3); 2) file an appropriate motion with the Court after the deposition, and appear personally before the Court, or 3) file a motion to prevent any decision or recommendation of the Court from taking effect as may be otherwise permitted.

J. Video Depositions

By so indicating in its notice of a deposition, a party may, at its expense, record a deposition by videotape or digitally-recorded video pursuant to Fed. R. Civ. P. 30(b)(3) subject to the following rules:

1. *Video Operator.* The operator(s) of the video recording equipment shall be subject to the provisions of Fed. R. Civ. P. 28(c). At the commencement of the deposition, the operator(s) shall swear or affirm to record the proceedings fairly and accurately.

2. *Attendance.* Each witness, attorney and other person attending the deposition shall be identified on the record at the commencement of the deposition.

3. *Interruptions.* No attorney or party shall direct instructions to the video operator as to the method of operating the equipment. The video camera operation will be suspended during the deposition only upon agreement of counsel.

K. Correcting and Signing Deposition Transcripts

Unless waived by the deponent, the transcript of a deposition shall be submitted to the deponent for correction and signature within thirty (30) days after the end of the

deposition. The deposition may be signed by the deponent before any notary within thirty (30) days after the transcript is submitted to the deponent. If no corrections are made during this time, the transcript will be presumed accurate.

IV. USE OF DEPOSITIONS

Depositions conducted in this MDL may be used in related cases in any state court to the extent permitted by that state's laws and rules. Depositions may, under the conditions prescribed in Fed. R. Civ. P. 32(a) (1)-(4) or as otherwise permitted by the Federal Rules of Evidence, be used by or against any party (including parties later added and parties in cases subsequently filed in, removed to or transferred to this Court as part of this litigation):

1. who is a party to this litigation;
2. who was present or represented at the deposition;
3. who was served with prior notice of the deposition or otherwise had reasonable notice thereof; or
4. who, within thirty (30) calendar days after the transcriptions of the deposition (or, if later, within sixty (60) calendar days after becoming a party in this court in any action that is a part of this MDL proceeding), fails to show just cause why such deposition should not be useable against such party.

V. FEDERAL RULES OF CIVIL PROCEDURE APPLICABLE

Unless specifically modified herein, nothing in this order shall be construed to abrogate the Federal Rules of Civil Procedure.

So Ordered.
